

WILD ROSE HORSE OBSTACLE CONTESTS

RULES AND INFORMATION

BE SAFE HAVE FUN COMPETE

CONTEST OVERVIEW:

The Wild Rose Horse Obstacle Contests are unique competitions that encourage you and your horse to develop a partnership based on trust and to measure your horsemanship skills. Your partnership is scored on an obstacle course designed to challenge your skills and encourage good horsemanship.

Competitions are designed to give you the opportunity to set goals, measure your progress, gain confidence, expose your horse to new things and compete. The Wild Rose Horse Obstacle Contests are focused on safety, fun, confidence building, promoting good horsemanship and challenging you and your horse to new levels.

CONTEST RULE:

All contest facilities have an open area or an arena to exercise or warm up your equine. There is no leaving the camp area to “ride the trails”.

CONTEST FORMAT:

Riders may choose from three levels of difficulty **each day** of the competition. Your level of difficulty will remain the same at all obstacles for that day of the competition. You will choose a level of difficulty at the time of registration on the website.

Each day is a “competition”; scores from each day do not carry forward.

Ribbons will be awarded from first through sixth place in each division on each day of the competition. Ride the day. As participants you are only concerned with the day (not tomorrow or year-end events). After each day's competition, the question you should ask yourself is "how well did I help/encourage my horse today". Track your personal enjoyment, satisfaction, progress, stress level and skills.

Become a student – study, watch and feel how your horse responds to cues, how he expresses levels of relaxation and comfort with you, the environment and the obstacles.

CONTEST COURSES: 5 – 7 mile trail obstacle course with 6 obstacles

See the individual ride write-ups on the Bethany's Gait Ranch for Heroes' website for additional miscellaneous fees associated with each ride location. These fees are payable in cash at ride check in.

After you have registered on online and a situation arises that will prevent you from attending a competition, you must contact Wild Rose prior to the day of the competition to receive a credit. **Do not register online to use a credit.** You must call Wild Rose who will sign you up for the competition to use the credit.

JUDGING:

Obstacles are not timed. The obstacle judge will allow sufficient time for horse rider team to demonstrate their skill at completing the obstacle. When the judge excuses a rider to move on to the next obstacle, judging is completed. These events are competitions and not training situations.

Each judge will score based on what the rider and horse accomplish at the obstacle. We encourage you to accomplish as much as possible at each obstacle. Simply going through the start and/or end cones will earn the rider a score. If you pass on an obstacle, both you and horse receive a "0" for that obstacle.

You will perform the required trail pattern individually. The best trail horse will be willfully guided with no apparent resistance. Any movement made by the horse on its own or deviation from the pattern must be considered a penalty. Credit will be given for horsemanship, smoothness, calmness, finesse, forward motion, control, attitude, quickness and authority in performing the various obstacles. The contests are intended to display the versatile working ability of a horse. A good horseman will never endanger themselves or their horse. A good working relationship between the horse and rider should be rewarded. You will be penalized for harshness with hands and rewarded for soft quiet hands.

Riders must abide by the ruling of the judge. All judges' decisions are final.

If a judge can see you, they have authority and responsibility to enforce the rules.

Judges are instructed not to engage with riders or anyone regarding a rider's strengths, weaknesses or scores at an obstacle on day of competition. Scores and comments will be emailed to the participants within a few days.

Judges have complete authority at their obstacle. Riders shall comply with all judges' instructions.

Judges will engage with you to explain the obstacle and answer questions, but once you pass the start cones, they will not respond.

SCORING: Each obstacle will be worth up to a maximum of twenty (20) points – ten (10) points maximum for the horse and ten (10) points maximum for the rider.

TIES: Exceptional performance completed by horse and/or rider may earn a plus from the judge. In case of ties, the total number of pluses per horse and rider will break the tie; next tie breaker will be decided by determining the hardest obstacle for that day and breaking tie will be the best score in completing that obstacle. If need be, this process may be continued until we have a "winner".

SCORING GUIDELINES: See Scoring Guidelines for more information.

COVID-19 PANDEMIC: Everyone needs to participate in creating the safest and best environment as per your understanding of best practices - masking when in the vicinity of other individuals, maintaining a 6-foot perimeter from other individuals when in a group setting, washing your hands and all other common-sense protocols.
